Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Thursday 18 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet and windy morning turning drier with clear spells.

Today:
Wet start to the day with a band of rain, heavy at times arriving from the west and spreading across the region. A mix of blustery showers and sunny spells to follow for many. Mild but windy with coastal gales. Maximum temperature 10 deg C (50 deg F).

Tonight:
Largely dry during the evening with some showers for western areas. Remaining dry with clouds thickening overnight and rain arriving in the west by dawn. Strong winds with coastal gales. Minimum temperature 7 deg C (45 deg F).

Friday:
Wet day across the region with prolonged rain heavy at times arriving in the morning and persisting throughout. Feeling very mild despite the strong winds and the coastal gales. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Prolonged rain, locally heavy arriving on Saturday and persisting over the weekend. Rain clearing during the night on Sunday leaving drier conditions for Monday. Mild and breezy throughout.
